

The APart CMS508 is a two-way square in-wall loudspeaker that is loved by every interior designer for its beautiful shape, ease of integration and perfect HiFi sound quality.

This loudspeaker has a 5.25" woofer and a 1" tweeter. It makes the CMS508 very suitable for the distribution of background music. The loudspeaker is easy to install thanks to its simple, quick mounting system with 4 screws hidden behind the grill.

The housing is made of high quality ABS, the detachable grill is made of aluminum, and the woofer is made out of enforced polypropylene - 3 elements that make this speaker moisture proof!

CMS508 is standard in white color RAL9010. From 12 pieces on, the loudspeakers can be painted optionally in any other RAL color (REF ; PAINTCM)

TECHNICAL SPECIFICATIONS
