

The APart CMR608 is a compact 2-way rectangular built-in speaker. It can be used with a standard Hifi amplifier.

The CMR608 comes with a 5" woofer and 1" tweeter and is therefore suited for background music. Its housing is made of HQ ABS. Because of the treated paper cone and the aluminium grille, this speaker can be used in humid environments. Mounting is very easy due to the 4 screws that are hidden behind the speaker grill.

The standard colour is white RAL 9010. As an option the CMR608 can be painted in any RAL colour (Ref; PAINT-CM). Please note that the minimum order quantity for PAINT-CM is 12 pieces.

Also available: in-wall back box for CMR608 (Ref; CMRBBi).
 On-wall back box for CMR608 (Ref; CMRBB)

TECHNICAL SPECIFICATIONS

Type	2-way HiFi
Woofers	5" treated paper cone
Tweeter	1" silk dome
